

Task 1 – Shade in boxes to create an image in the 5 by 5 grid below. A box is either shaded in or not, there are no grey areas.

Task 2 – Each box represents a number. Add the numbers together for the boxes you shaded in to create a secret number.

1	2	4	8	16
32	64	128	256	512
1024	2048	4096	8192	16384
